WEST COUNTRY CLASS

*Wadebridge needs
your help to be able
to run on the mainline*

Wadebridge has been partially dismantled and inspected at Ropley Works on the Watercress Line, and a schedule of work has been prepared. Fortunately there are no 'showstoppers', although the middle cylinder will need to be removed from the frames and repaired or replaced. Thanks to the generosity of Wadebridge's Swiss patron and benefactor, Alexander Choremi, there are sufficient funds to get the overhaul underway but to achieve the ambition of a return to main line running we need your help. From the outset, the work will be planned and conducted with this in view, under external engineering scrutiny and with the necessary documentation being assembled.

You can help by donating whatever you can to the WHRT Wadebridge Overhaul and Mainline Fund.*

If you are an Income or Capital Gains taxpayer the WHRT can reclaim 25p in Gift Aid for every £1 you donate.

Please send your donations to the following address:

The WHRT, Railway Station, New Alresford, Hampshire, SO24 9JG 01962 733810

Cheque's to be made payable to the Watercress Line Heritage Railway Trust.

Please contact us if you would like to pay by bacs or card.
